Notes:

1. Research income includes all funds to support research received in the form of a grant, contribution or contract from all sources (internal and external) to the organization.
2. Data were obtained through a survey of research hospitals or from financial statements. Information for Alberta was not available.
3. FY2010 research income figures may have been adjusted, as more accurate information became available.
4. Data are provided for the main hospital(s) including their affiliated hospitals and research institutes/centres, where applicable.

\*Head count of researchers/scientists/investigators/clinician-researchers. (Does not include research fellows/post docs, technicians, students or support staff.)

- (a) Research income amounts were combined as these hospitals have one research institute.
- (b) For FY2012 reporting, Toronto Rehabilitation Institute will be included with University Health Network.
