Notes:

1. Data were obtained through a survey of research hospitals and from financial statements. Information for Ontario was coordinated in part through CAHO (Council of Academic Hospitals of Ontario).
2. Research spending includes all funds (direct and indirect) spent on all sources (internal and external) to support research.
3. Data are provided for the main hospital(s) including their affiliated hospitals and research institutes/centres, where applicable.

\*Includes full/part-time researchers/scientists/investigators/clinician-researchers with a faculty appointment who actively conduct research

<sup>+</sup>Size is based on total hospital spending: Large = more than \$1 billion
