Notes:

1. Data were obtained through a survey of research hospitals and from financial statements. Information for Ontario was coordinated in part with CAHO (Council of Academic Hospitals of Ontario).
2. Research spending includes all funds (direct and indirect) spent on all sources (internal and external) to support research.
3. Researchers include full/part-time researchers/scientists/investigators/clinician-researchers with a faculty appointment who actively conduct research.
4. Hospital size categories are based on Fiscal 2017 total hospital spending: Large = more than \$1 billion; Medium = \$400 million to \$1 billion; Small = less than \$400 million.
5. Apparent ties due to rounding.
